

# TIME - TRUST - TEAMWORK

RE-ENGINEERING PREVENTION CREATES CULTURALLY COMPETENT,  
SUSTAINABLE SERVICES; IT TOOK WILLINGNESS (NOT NEW \$)

Indicated  
Prevention  
Service to reduce  
high risk AOD use/  
abuse and related  
problems one  
individual / family at  
a time in schools  
and county  
mental health  
clinics

## 90 MIN PREVENTION-FOCUSED MOTIVATIONAL INTERVIEW PROCESS

In school, county, and community settings, staff use a motivational interview process to welcome and screen individuals to identify areas of strength and concerns then together develop an action plan to reduce risks or make a referral for a diagnostic Tx assessment. Integrates evidence-based practices: stages of change, screening tools, educational brief intervention, resiliency research.

Training manual and instruments, Cost effective and California Reporting CalOMS-ready
